**We pride ourselves on providing personalized service and memorable travel experiences.**

The team of Travel Dream West wants your vacation to be unforgettable; so we have carefully planned and tested each of our tours. Sixteen years of travel, research and exploration have resulted in these adventure tours- each a remarkable presentation of the best the West has to offer.

**We love to explore, discover and travel -and we want to share it all with you.**

Our mission is to show you the beauty of this country by immersing you in the natural splendor and cultural intricacies of the American West. Our guides are knowledgeable individuals who will share with you their love of the country. We work with forest rangers and specialty organizations to provide you with the most accurate information.

Deborah and Helen

**Our History:**

Our tour management consists of two Swiss women who moved to the Western USA sixteen years ago. During these years they have studied the natural environment and history of the region and tested countless unique tours providing an in-depth view into the nature, culture and history of the Pacific North- and Southwest. Local knowledge and connections with a variety of organizations from gem and mineral societies, photography organizations to Forest Service and the National Park Association will guarantee an informational adventure. We believe in conservation of natural areas and eco-friendly travel.

**Specializing in adventure tours while maintaining the comforts of quality travel.**

Our tours are limited to 8 - 12 enthusiastic participants and conducted in English and German. They are ideal for singles, couples, clubs, and families with older children.

\*\* Minimum participation: 8 passengers. For less than 8 participants a fee may be added.

All tours are conducted in air-conditioned minibuses with custom interior. Our comfortable tour vans ensure a pleasant journey and excellent views.
